

Let us not forget...

***“Not the victory but the action.
Not the goal but the game.
In the deed the glory.”***

The words inscribed on Memorial Stadium reflect the true spirit of Nebraska football. And, like the stadium, the program is a pillar of strength. Harsh criticism will not crumble the program, but can destroy the heart of otherwise superior athletes, excellent coaches, and the families that support all of them. These are our players and our coaches – win or lose. Now more than ever they need our support – home and away. Let’s show the team how much we appreciate the game and the action so everyone, including them, can benefit from the glory.

GO BIG RED!
