WASHINGTON : COACH JIM OWENS:

Nebraska had some good, strong backs and played very well on defense. The first penalty on our first series of downs I felt hurt us. In that we were first and 26 -- Our lack of consistency on offense was very disappointing. Had we had the ball more in the first half, we probably would have passed a little bit more.

Hanke would have played more if the game had gone somewhat differently.

It is important that we hold them scoreless in the second half. After we made some adjustments in the locker room. But, our offense, couldn't score.

With 4th and 3, we wanted the touchdown at that point -- not the field goal. Later on in the game, with a break, we figured we could get the additional three points.

I was impressed with Patrick. He played better than I anticipated. We better be a lot better next week.

NEBRASKA: COACH BOB DEVANEY:

Considering the inexperience of this team and the fact that we were playing a strong team, this was probably our most successful opener.

We had less mistakes than I was afraid we'd make. We knew Washington would be tough on defense, but their secondary did particularly well and that our offensive line did especially well, considering most were inexperienced. There were no offides and we didn't make a lot of Sophomore mistakes.

Patrick -- if he keeps coming along, he should be a good player. He showed a great deal of poise. Joe Orduna -- had a mild concussion -- did well. Nick Ziegler suffered a knee injury (torn cartilage, he thinks) and may be out for the season. This hurts, losing both our offensive halfbacks.

I'm not criticising the officials, but the rule on talking to players on the field is confusing, and should be clarified for everyone.

Washington is a good, tough team. If they could have made a couple of those passes they would have been in the ballgame. I did not expect Washington to go for a tie -- we were looking for the touchdown. I would have done the same thing. We'll need the week off next week (they face Minnesota in their next game in two weeks) to rest up from our injuries.
